A FEW WORDS FROM PAST KINDER FAMILIES

I wish I had known.....

“...how independent my child can *really* be.”

“...how much sleep my child needed.”

“...how long it takes to get ready & be on time in the mornings.”

“...to be more in the moment and not worry about my child in the future.”

“...that focusing more on social interactions vs. academic would have been more beneficial for my child.”

Things to think about before Kindergarten...

- **Experiencing** small and large group settings (virtually and face to face--when safe)
- **Exposing** your child to various engaging activities
- **Conversing** about different things you see (on tv, in books, in person, about your surroundings)
